

Distributors with actuators

WAY DISTRIBUTORS

WUTRA way distributors are major component for conveying tasks. They can be used for granules and coarse grain products. Based on the specification 2- or more way distributors were be offered. All of them are dust tight externally. Depending on the conveying product the manufacturing is in mild steel, stainless steel or special materials.

- ▲ Optimized casing shape to minimize jamming and sticking of products
- ▲ Dust tight
- ▲ Modular drive concept
- ▲ Wear and corrosion resistant due to linings
- ▲ Special solution for less space situations

Distributor pneumatically driven

2- to 3- way distributor

Asymmetrically distributor

Design:

All components of the **WUTRA** delivery range were calculated and modified by our by out experienced staff. Using special design tools, developed in-house, assures a safe and proper operation for each single **WUTRA** unit.

Certifications:

- ▲ Quality management system ISO 9001:2015
- ▲ Certification according Atex - Directive 2014/34/EU 
- ▲ EAC certificate for customs union
- ▲ Welding certificate EN 1090
- ▲ Pressure equipment directive 2014/68/EU

Service:

WUTRA components can be installed and putted into operation worldwide. Please call our experienced technicians for regular inspections and service.

Research and development:

A permanent development guarantees always a high state of the art level of **WUTRA** products.

The latest scientific knowledge, based on a close cooperation with approved research institutes, will be integrated in engineering and design of our conveying equipment.

WUTRA components:

- Screw conveyors
- Process screws
- Mixer
- Bucket elevators
- Trough chain conveyors
- Slide valves
- Way distributors
- Rotary valves
- Contract manufacturing
- Assembly/ Service

Plant construction for:

- Soda, Potash industries
- Building materials
- Raw materials/ Minerals
- Chemistry
- Recycling
- Food
- Synthetics
- Sugar industry
- Power industry
